Skills

- **Languages**: HTML, CSS, Java, JavaScript, TypeScript, PHP, C, C++
- **Frameworks**: Node.JS, React, Next.JS, Bootstrap, Tailwind CSS
- **Tools/Platforms**: MySQL, MongoDB, Git, GitHub
- **Soft Skills**: Problem-Solving, Adaptability, Collaboration & Teamwork

Projects

Spend Flow Expense Tracking Platform | GitHub Dec 2025

- Developed a lightweight, user-friendly expense tracking application that helps users monitor spending patterns and manage personal budgets effectively.
- Enabled quick expense logging, recurring transaction management, category-wise budgeting, and searchable transaction history through an intuitive workflow.
- Visualized financial data clearly using summaries and charts to support smarter, faster decision-making across daily, weekly, and monthly spending.
- Delivered a secure, mobile-responsive application that improved financial awareness and simplified money management for everyday users.

  Tech: React.js, Tailwind CSS, JavaScript, PHP(REST API), MySQL

Job Management Web Application | GitHub July 2025

- Developed a full-stack MERN job portal that efficiently connects employers and candidates through a dynamic web platform.
- Implemented secure authentication, role-based dashboards, and complete CRUD job management using React, Node.js, Express, and MongoDB.
- Optimized data handling and seamlessly integrated RESTful APIs to ensure smooth and reliable frontend–backend communication.
- Deployed a fast, responsive application on Vercel, significantly improving user interaction and job application workflow.

  Tech: React.js, Node.js, Express.js, Tailwind CSS, JavaScript, REST API, JWT

Training

Full Stack Development in React and Node | Lovely Professional University | Merit(CPE) July 2025

- Gained hands-on experience in MERN stack development and integration workflows.
- Improved proficiency in APIs, authentication, debugging, and responsive UI design.
- Strengthened understanding of agile development, version control, and project structuring.
- Developed confidence in solving real-world problems using full-stack technologies.

  Tech: MERN Stack, Rest API, JWT Authentication

Certificates

- MySQL Oracle Cloud Database Services Certified Professional | Oracle Nov 2025
- Oracle Cloud Infrastructure Certified AI Foundations Associate | Oracle Oct 2025
- Oracle Cloud Infrastructure Certified Networking Professional | Oracle Oct 2025
- Cloud Computing | NPTEL Jan 2025

Achievements

- Achieved the Hacker Rank Problem Solving Certification by demonstrating strong analytical thinking and efficient algorithmic problem-solving skills. Nov 2025
- Solved 100+ DSA problems on platforms like LeetCode, significantly strengthening problem-solving and algorithmic thinking skills (LPU). Oct 2025

Education

- **Lovely Professional University** Phagwara, Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.8*** *Aug 2023 - Present*
- **Sri Chaitanya Junior College** Tirupati, Andhra Pradesh
  Intermediate; **Percentage: 78** *Sep 2021 – May2023*
- **Sri Chaitanya Techno School** Kadapa, Andhra Pradesh
  Matriculation; **Percentage: 100** *Jun 2020 - Mar 2021*
